

# WE WANT YOU !

to work with us in Barcelona !

**MARKET-CONTROL**  
knowledge for you

## INTERNSHIP MARKETING/SALES

### ABOUT US

Market Control is a young and upcoming enterprise with headquarter in Barcelona. The core of the company, established ten years ago by a German entrepreneur in Catalonia, is the development of software solutions for sales optimization for companies in the consumer goods and pharmaceutical sector or for market research studies. We are looking for a trainee who likes to support us in marketing/sales for a duration of at least five months. We offer a monthly salary on a full-time basis for your internship.

### WHAT WE OFFER

### YOUR TASKS

We are looking for you to push forward our Europe-wide expansion. You will not only take care of the German and international market entry and the implementation of marketing and sales planning. The creation and editing of in-house and client-specific presentations as well as the content development and supervision of social media channels will also be part of your job.

### YOUR SKILLS

- You are studying an economic subject, preferably with a focus on marketing or sales.
- You have already gained some professional experience in the field of marketing, sales or market research.
- You enjoy project-based work and like to work in small and enthusiastic teams.
- You have outstanding English skills (both written and oral). Other language skills, especially in Spanish, German or French are advantageous.
